Sales@qedreps.com • www.qedreps.com

- Tubular Elements
- Finned Tubular Elements
- Immersion Heaters
- Circulation Heaters

- Single Screw Extruders
- Twin Screw Extruders
- Downstream Equipment
- Engineering Customization

- Wire mesh components for automotive applications
- Knitted wire mesh for high temperatures sealing and high vibration applications

- Silicon Carbide Elements
- Clamps, Straps & Connectors
- Molybdenum Disilicide Elements
- Moly Holders & Straps

- Microprocessor Controllers
- SCR Power Controllers
- Hot Runner Controls
- Thermocouples & RTD's

- Injection Molding Machines
- 60 to 3000 Tons
- All Electric and Hydraulic powered

- Screenchangers
 - Continuous or Intermittent flow
 - Automatically controlled or manual
- Gear Pumps
- Gear Cases
- Screens

- Hot Runner Systems & Components: Manifold & Direct Feed Systems
- Heaters
 - Strip
 - Cartridge
 - Band

- Conveying Systems
- Dehumidified Dryers
- Bulk Storage
- Water systems
- Additive/Colorfeeders

SPARE PARTS FROM QED

- Granulator spare parts
- Knives, Screens & Bolts
- Pelletizer Knives
- Rotor rebuilds

- Central Granulators
- Beside-the-press Granulators
- Shredders
- Extrusion Accessories

- Manifolds
- Limit Switches
- Swap Valve
- Flowmeters

SANTA FE MACHINE WORKS

- Extrusion & Injection Molding Screws
- Barrels, Valves and End Caps
- Screw & Barrel Rebuilds
- Long Lasting Lescowear

- Aluminum Castings
- Permanent Molds
- CNC Machining
- Heat Treating
